ROOSEVELT

UNIVERSITY

Dedication

Emery Balduf, Dean of Student Services at Roosevelt University since the school was founded in 1945, retired June 28, 1957.

After receiving his Ph.D. from the University of Chicago Mr. Balduf taught German and philosophy at many schools, including the University of Chicago, Central YMCA College of Chicago, and Roosevelt University. He has also served in an administrative capacity at these schools. During World War II, while serving with several government agencies, Mr. Balduf interpreted crucial defense policies to our schools and colleges, and acted as liason between these schools and various war agencies.

Mr. Balduf is now teaching at the University of Mexico City and participating in the Adult Education Program there. One of the main purposes of this university is to increase good will and understanding between Mexico and the United States. Mr. Balduf is thereby helping to further this goal.

PRESIDENT

PRESIDENT'S MESSAGE TO THE GRADUATING CLASS OF 1958

Despite the advances in scientific knowledge ushering in the "space age" we are still confronted with the same problem that has always faced humanity -- the development of the individual to his fullest usefulness. The test of your education at Roosevelt University will be the quality of your service to your fellow men, be it in government, education, business and industry, or the professions.

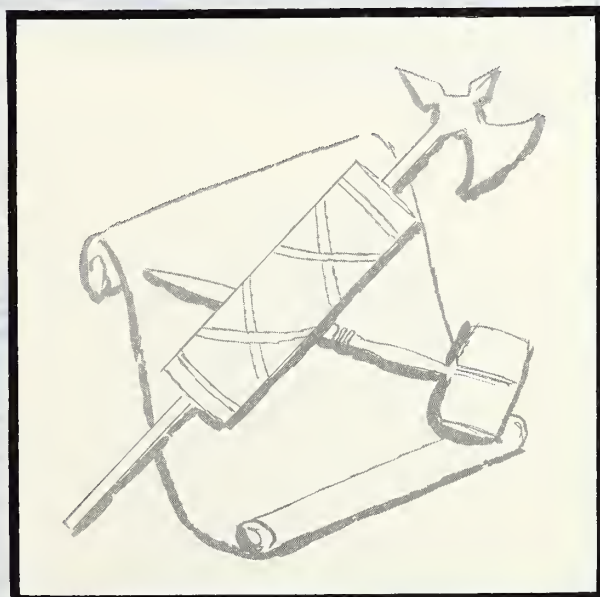

If Roosevelt University has helped you

1. Toward greater self-realization
2. Understand that ego elevation is not enough in itself
3. Distinguish between right and expediency
4. Comprehend the need for social and economic justice
5. Value thinking and the need for a lifelong search for knowledge
6. Enhance your appreciation of people as individuals
7. Cherish the development of the spiritual beyond the temporal
8. Understand the function of democracy and freedom as indispensable ingredients in the achievement of the peace we seek

then the education you have received at Roosevelt University will stand the test of time and "service" will be your motivating force.

Edward J. Sparling

Advertising Agency

A student workshop handling national and local advertising. Members get practical experience in copy, layout, production, media and other phases of advertising.

The agency is supervised by professors Brandel Works and Richard Thain of the University's Marketing - Advertising Department. It is the first and foremost workshop of this type and has received national acclaim, as well as recognition from the advertising world.

NATIONAL PROFESSIONAL ADVERTISING FRATERNITY

This fraternity enables those Roosevelt students interested in advertising to learn directly from men in the advertising profession. Among other activities, this year the group held its semi-annual "Evening in Advertising" in March in the Conrad Hilton Hotel. The featured speaker of the evening was Mr. Herbert F. Zimmerman who talked about the duties of a personnel manager and how a young man breaks into the advertising field.
